

Dear Henry Parents,

Welcome to the 2019-2020 school year! The PTA Executive board and I are looking forward to an exciting year! Our PTA offers parents many opportunities to contribute to our wonderful community.

The Henry PTA wants everyone to feel that they are a part of the Patrick Henry community. Whether you have 30 minutes or a couple of hours, your ideas, your time, your talents or simply your voice is truly needed.

A powerful and proactive way to be involved is to become a PTA member. To be a PTA member means you are connected. Connected to other parents, to our teachers, to all of the information you need about school events. Membership gives you a voice through your vote on important matters like the PTA budget, the PTA calendar, and so much more. To become a member today, you can go to PatrickHenryPTA.com and click "membership" to pay online through TOTEM. You will also have the opportunity to join in person at the flagpole during the first couple of weeks of school as well as the first Monday morning of each month.

We have many committees you can join this year. These committees plan and host the events that make our school so special. These are events that students look forward to year after year. Committee work can be tailored to meet your time constraints and interests. There are endless possibilities for involvement in the Patrick Henry PTA, after all, YOU are the P in PTA.!

The PTA board and I look forward to seeing everyone at our first PTA Association Meeting on Tuesday, September 10.

Sincerely,

Katie Kolsky
Patrick Henry PTA President
